FSRA is actively reviewing all FSCO regulatory direction, including but not limited to forms, guidelines and FAQs.

Until FSRA issues new regulatory direction, all existing regulatory direction remains in force.

Webinars

Webinars have become a clear and effective communications tool. Recognizing the value of this tool and our commitment to broader communications to stakeholders, the Financial Services Commission of Ontario (FSCO) will provide topical webinars that focus on educating and informing plan administrators and other pension stakeholders on current issues and legislative changes.

FSCO would like to thank all webinar attendees for their suggestions and feedback. The information is being used to develop future webinars.

Information related to each webinar topic is also available through the following links:
