AIR Summary Results for Previous Years

FSRA is actively reviewing all FSCO regulatory direction, including but not limited to forms, guidelines and FAQs.

Until FSRA issues new regulatory direction, all existing regulatory direction remains in force.

- [2015 AIR Summary Results](#) 

Addendum

During mortgage brokerage examinations conducted in 2016, FSCO discovered that in the 2015 AIR, two brokerages inadvertently overstated the total dollar value of mortgages brokered and closed by the brokerage by \$8.6 billion. As a result, the total value of mortgages reported by brokerages in 2015 was actually \$134 billion instead of \$142.6 billion.

Addendum

During FSCO's mortgage brokerage examinations conducted in 2015, it was discovered that in the 2014 AIR, a brokerage inadvertently overstated the total dollar value of mortgages brokered and closed by the brokerage, by \$30.3 billion. As a result, the total value of mortgages reported by brokerages in the 2014 AIR has decreased from \$147.6 billion to \$117.3 billion.
